MEDICAL INDUSTRY
AHEAD OF SCHEDULE

Moscow -- V. Zhukov, director of the Moscow Electromedical Apparatus Factory reports that the first-quarter plan was completed by 15 April, and that an additional 900,000 rubles' worth of products have been produced in honor of 1 May. The factory also produced the first of a series of improved UWCH-50 diathermic equipment and has also completed preparations for the manufacture of electrocautery knives for ophthalmology.

Khar'kov -- G. Prikhod'ko, director of the "Krasnaya Zvezda" Chemical-Pharmaceutical Factory, completed its first-quarter quota on 25 April. Preparations have been completed for serial production of antipyrine, salipyrine, phthalazole, and norsulfazole. The factory's workers have resolved to start construction on a new pyramidon factory by 15 May.

Riga -- The Riga Pharmaceutical Factory No 3 completed its 6-month production quota at the end of April. Raw-material expenditure has been cut 0.6 percent while expenditure for other materials has been cut 1.5 percent. The factory's workers are celebrating May Day by returning to the State 100,000 rubles saved by improved production and decreased raw-material expenditure.

Minak -- L. Kozienka, deputy chief of the Oblast Public Health Department reports that a number of new medical enterprises are being built in the oblast. A new stone building, to house the Rayon Hospital, has been completed in Beskul'sk Rayon.

Kiev -- Prof. A. Troychik, of the Kiev Order of the Labor Red Banner Medical Institute named Academician A. A. Bogomolets, reports that 900 young doctors will graduate soon from the Institute.

Leningrad -- G. Budagov, director of the Leningrad Order of Lenin Factory "Krasnogvardeyets" reports that the first-quarter quotas were filled by 22 April. B. Polikarpov, Director of the "Akrikhin" Chemicalpharmaceutical Factory reports that during April all production quotas were filled. The factory produced more than one ton of surgical ether and hundreds of kilograms of sulfadine and rivanol above quotas.
